

DX-7000X

Wireless BlueEye Mouse

Genius introduces a new wireless BlueEye mouse – DX-7000X. Comfort and control that goes with you wherever your laptop goes.

You can use it on almost any surface, including granite countertops, wood tables, and even carpets by relying on BlueEye technology in the DX-7000X. The contoured shape is suitable for either hand and the gentle curved sides give your hand the support and comfort you need for all-day use. A convenient pico receiver snaps into the mouse for easy transport or storage. DX-7000X has a convenient battery compartment design that fits either an AA or AAA battery and a power switch is added to extend the battery life.

DX-7000X comfortably fits your on-the-go lifestyle and is the ideal companion for your PC or laptop.

▼ Key Features

2.4GHz Technology

Power saving; anti-interference

Innovative battery compartment

Convenient battery compartment design for either an AA or AAA battery

Use for either hand

The contoured shape is suitable for either hand, the curved sides give your hand the support you need for all-day comfort

BlueEye Engine

1200 dpi powerful BlueEye tracking and accuracy
